Ready to Play?

Just pack your shorts and sandals, your Jimmy Buffet CD's, pick up a Hemmingway book, and head for this fantastic 3 bedroom, 2 bathroom home in the heart of Key West. Staying in this beautiful house located on Catherine Street puts you close to everything...yet totally surrounded by a tropical paradise.

A walk through the 15' groomed hedge gateway leads you into the front yard of this newly renovated, but steeped in old Key West style cottage.

The crystal clear heated pool is so inviting you won't want to leave the house, but you won't want to miss the beautiful beaches (9 blocks away), public tennis courts (2 blocks away) a great fishing pier (9 blocks away), the great restaurants, the music, the dancing, and the shopping (Oh!! the shopping) all nearby.

The just completed renovation includes 50", 42", & 27" flat screen TVs, DVR, and wireless high speed internet. And, the interior has just been furnished with custom designer furniture by domestichomefurnishings.com
